charper@wvca.us

- Implements SPRP, EWP and provides technical assistance for CCRs and development of stream permits.
- Conducts inspections and implements OM&R for Salt Lick and Big Ditch watershed structures.

WHO SHOULD I CONTACT?

The West Virginia Conservation Agency (WVCA) Watershed Projects Section is responsible for the implementation of the Stream Protection & Restoration Program (SPRP), Landowner Stream Access Permit Program (LSAPP), Emergency Watershed Protection (EWP) during state or federal emergency declarations and the Operation, Maintenance & Repair (OM&R) of the 170 watershed structures and 23 channels across the state.

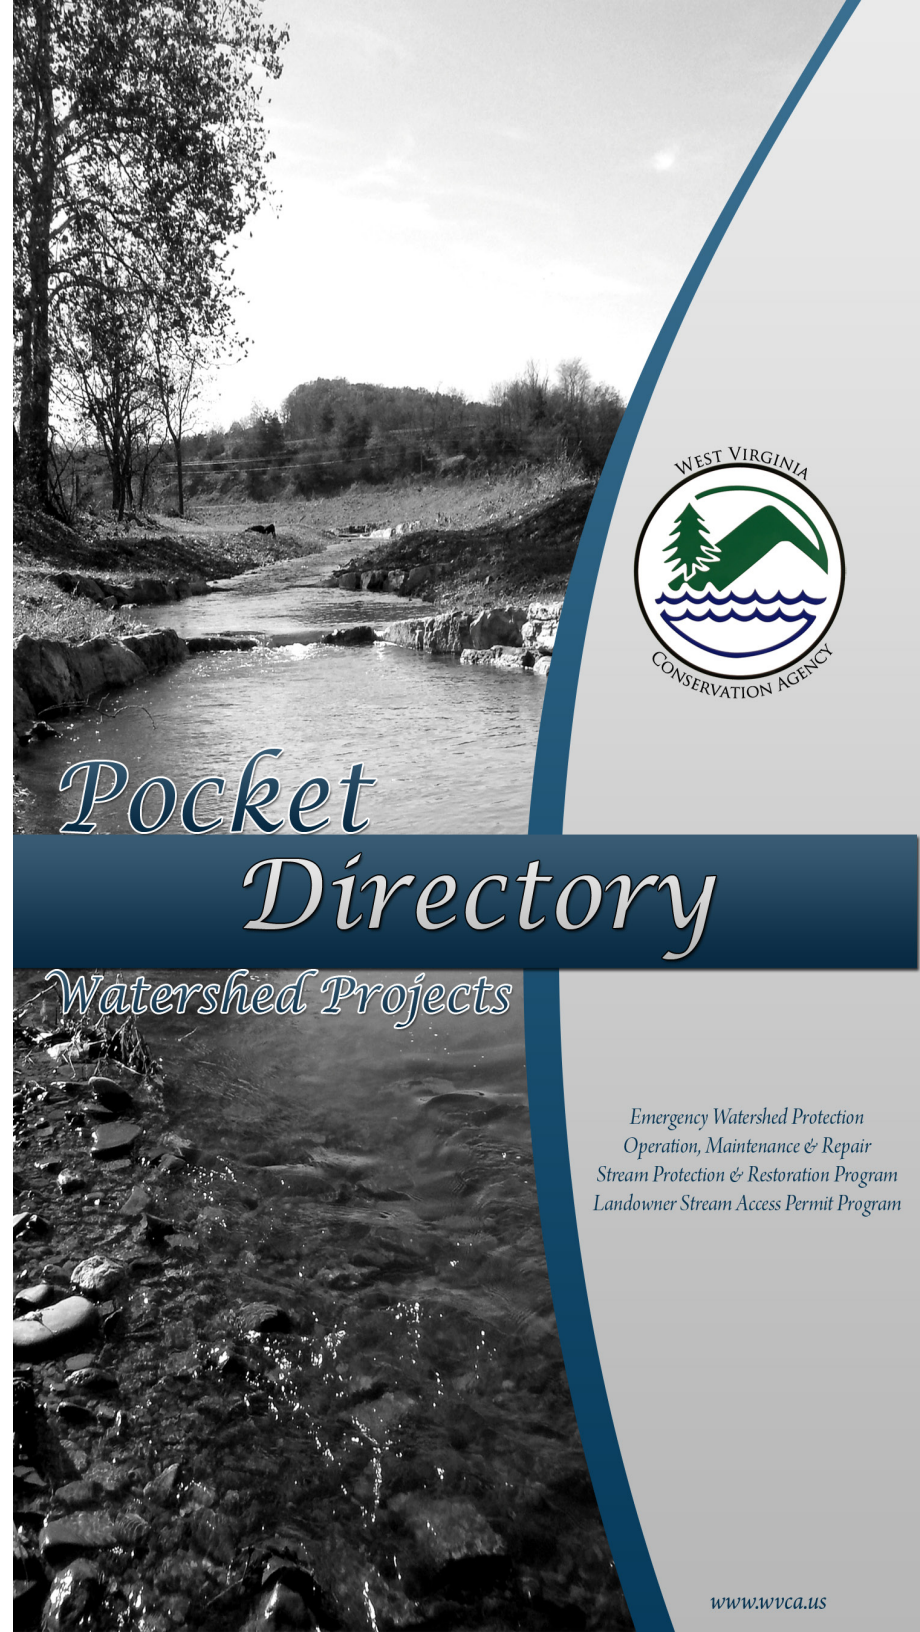

The Watershed Projects Section is broken down into three watershed field offices covering the north, south and east regions of the state. Inside you will find contact information and coverage areas for the WVCA Watershed Projects staff.

NORTH REGION
 Stream blockages
 Watershed dams and channels
 Landowner Stream Access Permit
 (304) 285-3118

SOUTH REGION
 Stream blockages
 Watershed dams and channels
 Landowner Stream Access Permit
 (304) 872-4302

EAST REGION
 Stream blockages
 Watershed dams and channels
 Landowner Stream Access Permit
 (304) 822-8845
