BMP	Limits	Cost-Share Rate
Pond Clean Out	**Must be a farm pond used for livestock water supply**	<.2 acre- $1,000 Max >.2 and <.3 acre - $1,250.00 Max >.3 acre- $1,500.00 Max

Program Eligibility

Definition:

Cleanout of sediment, aquatic weeds and run-off collected in farm ponds causing poor water quality for livestock and additional sediment collecting in run-off and associated watershed areas.

Purpose:

Serves as an incentive to maintain water quality in agricultural use ponds by removing sediment and improving the overall condition of the farm pond. It intended to be used as part of a farm livestock water source plan.

Policies for Practice:

1. Applicant must be a district cooperator.
2. W-9 tax form is required with application for district tax purposes.
3. Cost Share is available to owner and/or lessee.
4. Applicants must provide a map identifying fields and acreages.
5. WVCA standards and specs must be followed.
6. Approval will be considered continuously.
7. Application approvals will be based on ranking form and availability of funds.
8. After approval, applicant must follow job sheet provided at the time of signing contract.
9. Invoices must be submitted by June 1, 2027.

Payment rates & limits:

1. The maximum cost-share for this practice shall be a determined based on size of the pond . See above table for cost share rates.
2. The payment will be made after paid invoices are received, cooperator completes w-9, and a verification site visit has been completed.
3. No duplication of federal and state cost share shall be allowed.

By signing this, I have read, understand, and agree to the terms and conditions stated in this document.
