Small Scale Soil Amendment	10 acres	50 **% Cost** **DNE: $** 600	**___ Lime** **___Nutrient Management** **___Biochar/Compost Mix** **___Compost**

Program Eligibility

Definition:

The application of soil amendments to budget, supply, and conserve nutrients for plant production and health. Managing the rate, source, method of application, and timing of plant nutrients and soil amendments.

Purpose:

The ability to increase the soil pH (reduce soil acidity). Appling these amendments to the soil to improve soil organic matter, sequester carbon and enhance soil carbon stocks, improve soil aggregate stability, and/or improve soil habitat organism. To improve soil structure, fertility, and moisture retention by acting as a soil amendment, mulch, or fertilizer.

Policies for Practice:

1. Applicant must be a district cooperator.
2. W-9 tax form is required with application for district tax purposes.
3. Cost Share is available to owner and/or lessee.
4. Applicants must provide a map identifying fields and acreages.
5. WVCA standards and specs must be followed.
6. Approval will be considered on a continuous basis.
7. Application approvals will be based on ranking form and availability of funds.
8. Invoices must be submitted by June 1, 2027.
9. Must have current soil samples (3 years or less). And show a need for the components being applied for.

Payment rates & limits:

1. The maximum cost-share for this practice shall at a 50% rate up to $600.
2. The payment will be made after paid invoices are received, cooperator completes w-9, and a verification site visit has been completed.
3. No duplication of federal and state cost share shall be allowed.

By signing this I have read, understand, and agree to the terms and conditions stated in this document.
