### Definition & Purpose

A constructed barrier for livestock to:

- Reduce erosion and improve water quality by controlling livestock which currently have access to woodlands.
- Reduce erosion and improve water quality by controlling livestock which currently have access to streams, springs, wetlands, or ponds.
- To divide fields currently being used as pasture for better grazing management.

### Program Policies

- Applicant must be a District Cooperator. (*Cooperator Agreement form is available upon request*)
- Applicants may be landowners or farm operators.
- Applicants that do not own the land associated with this application; additional paperwork is required. (*i.e. lease, Producer Information Form, FSA farm data report*).
- Property must be used as a farming operation to be eligible for the program: having the potential for producing at least \$1,000 of farm products annually.
- When a farm extends across district boundaries, the district where the farm taxes are paid is the district in which you will apply.
- Applicant will not be eligible for program reimbursement if he/she starts project before District approval.
- The District cannot provide financial assistance when project funding will be provided by other government (*federal or state*) source.
- Applicant must provide an aerial map identifying tract and field numbers along with proposed acreage at the time of application. (*Maps can be obtained through the Farm Service Agency (FSA) or the Natural Resource Conservation Service (NRCS)*)
- Applicants are limited to two approved cost-share practices per fiscal year (*July-June*).
- Application approvals will be made based upon availability of funds and program ranking.
- All contract agreements must be completed, and receipts submitted by the deadline, or you may not be eligible to participate in AgEP the following year.

### Practice Policies

- Boundary, road, and perimeter fence are not eligible for cost-share.
- Livestock must be using the field(s) associated with this application as pasture at the time of application.
- The District cannot cost-share to repair or replace an existing fence that has been previously cost-shared by government (*federal or state*) funds within the lifespan of the practice (*20 years*).
- Following District approval and signed agreement receipt, the practice must be completed by **05/22/2026**.
- Receipts and any documented labor (*paid or unpaid*) must be submitted by **05/22/2026**.

### Reimbursement rates & limits

- The maximum cost-share rate for this practice will be up to \$2.00 per foot, not to exceed \$5,000.00.
- Maximum of 2,500 feet per applicant per fiscal year.
- Practice must be complete, and receipts must be sent to the District office by the project deadline (**05/22/2026**) otherwise payments may be delayed or even denied. (*No extensions will be given*).
- The reimbursement will be made after paid invoices are received, cooperator completes a W-9 form, and WFCD approves your reimbursement.

### Practice Specifications

- USDA-NRCS standards and specifications must be followed.
- Cooperators must follow job sheet/design provided.
- Completed fences must connect to another fence or boundary to make a **completely fenced** paddock when project is finished, even if the entire length is not cost shared through Ag Enhancement Program.

By signing this I have read, understand, and agree to the terms and conditions stated in this document.
