YOUR FARM, YOUR FUTURE!

MEET JAMES HELMONDOLLAR

WVCA Conservation Specialist

TVCD is excited to welcome James Helmondollar as the newest Conservation Specialist serving the Tygart Valley Conservation District.

James will graduate this May from West Virginia University with a bachelor's degree in Agriculture, focusing on Animal and Nutritional Sciences, along with a minor in Agribusiness Management.

He lives on his family farm, where they raise beef cattle and make hay. James is looking forward to meeting local cooperators and working with them to put conservation practices in place that fit their operations.
